

Reflexology Class Module IA

It has been said that the foot is a reflection of health. Reflexology gives you a means to start improving the health of yourself, friends and family. Become one of the few qualified & certified Reflexologists in your area!

(Certification available) ARCB Provider #P00113

Packed with tips and hands-on practice

- Learn all the basic reflexology techniques on the feet, hands and ears!
- Learn precautions, proper use, history, theory and basic terminology so you can speak intelligently about this practice.
- Personalized hands-on training by Nationally Certified Instructor ensures you will have “the touch” in order to be effective in your application.
- Learn how to use reflexology to positively affect disorders of the immune system, digestive system, and enhance well being! Earn 17.5 hours of training that counts toward full certification if desired.
