

Continue Your Reflexology Training!

Tune up your techniques, learn more body systems and how reflexology assists in healing. Become one of the few qualified, certified and highly sought after Reflexologists in Idaho! (Certification available)

Packed with tips and hands-on practice

- Learn all the basic reflexology techniques on the feet, hands and ears!
- Review precautions, proper use, history, theory and basic terminology so you can speak intelligently about this practice.
- Personalized hands-on training by Nationally Certified Instructor ensures you will have “the touch” in order to be effective in your application.
- Learn how to use reflexology to positively affect disorders of the intestinal system, structural system, and enhance well being! This class will also teach you to identify all the bones of the feet and hands!
- Earn another 17.5 hours of training and counts toward full certification if desired.
**Prerequisite is Module IA (exceptions may be made by special arrangement).*
